This is a 60 page book with colorful pictures made to facilitate learning for kids ages 3-6. EQ is a way to measure how a person recognizes emotion in himself/herself and others. This book focuses on activities that provide ample opportunity for the child to practice the control of their emotion and develop their character under various hypothetical situations. We believe that intelligence does not only involve your IQ score. Rather, it is the combination of various skill sets and the ability to apply these skills to solve real-life problems. Our goal for publishing the Brainstorm series is to hone specific skill sets at a time and to provide the necessary tools for parents to encourage their children s growth.
