Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1904 edition. Excerpt: . IV LINES THE author s endeavor is to restrict the use of a few certain words in this book to one meaning each. The word line is one of them. It refers, unless the context indicates otherwise, to the imaginary line, more or less straight, at the base of the letters and on which the letters are supposed to rest. In judging of the direction or contour of lines, their conformation is more easily seen if observed from the left side of the sheet. It is perhaps unnecessary to state again that preferably the specimen for examination should be on unruled paper. If ruled paper has been used, no deductions had best be made from the lines unless the writer has totally disregarded the ruling. At best, too much dependence cannot be placed on the lines, especially if they are very straight and spaced with exactness, for persons have been known to use heavy guide lines beneath their note-paper, and in some cases even a ruler is placed on the sheet. Illustration 35 B was written with the aid of a ruler, and note how absolutely straight are the base lines; note how the lower loops of the f s and the tails of the y s were added after the ruler had been removed, and how Wednesday, as an afterthought, was written without careful readjustment of the implement. In general, however, straight lines (35 A) indicate straightforwardness and irregular ones deviousness...
