Createspace, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The unavoidable problem with books (bible) or a Holy Book (Holy Bible) written by Bronze and Iron Age peoples which become doctrines and dogma to live by, is that much of what is written is not needed due to its ancient and no longer valid claims. They require much apologetic s (defenses) to justify them. In these types of defenses of the absurd, logical fallacies get thrown around and usually not questioned. Well, this book (bible) is a solution. This is a Better Bible Version which leaves out all the superstition, supernaturalism, myths, legends, fables and fantasies, but leaves in the rational, reasonable and practical. It leaves out the prejudice, segregationist and discriminatory passages. This is a family friendly and cleaner version without the absurd stories. This version takes from the 1611 King James Version and rewrites Genesis to the known scientific facts and theories of the 21st century. You can feel good about reading it to children or having your student use it for science or just read it as a reminder of all the good things reality has to offer. It is a reasonable universally humanistic approach to promote a better world. No one ought to have an issue with the simple and clear message it presents. This is the bible that every secular community ought to have.
